Business Technology: Question 1

Was there a specific course (or courses) you considered more valuable than others?

- * CIS 284NS
- * Cis276, cis277, cis277s, cis277bi, istm183 a and b, cis197xml
- * The netacad courses were great, and using the packet tracer to build and troubleshoot a network expedience came in handy in a work environment.
- * No
- * CIS145A,D,C were very helpful - taught me some data recovery and computer forensics.
- * I got a lot out of CIS284S - Introduction to Computer Security.
- * CIS120, CIS145A, B, C and CIS140W.
- * Web Development /
- * I think that the classes on starting a business and building portfolios were key, I wish I had more time to learn about starting a freelance business.
- * All courses I took were equally valuable to me.
- * CIS125SS, CIS125DB, CIS276, CIS277, CIS277BI, CIS277S, and WE280CAD
- * Photoshop was very useful as well as the maya classes and unity classes
- * All the courses were helpful
- * All of the courses were in Windows, but today i work at Nike and they all use Mac...
- * the ethical hacking classes
- * Digital art / Portfolio class. / Actually all of them
- * All the courses were helpful
- * CIS 284NS
- * The networking course as well as the cyber security were more valuable to me in the time i was there.
- * I was really interested in the Courses that taught me Forensics. I love to investigate things
- * Any of the web design classes were time well spent and also the CIS150 network classes
- * The Cisco classes, excel
- * 140W / 297S / 152 / 154 / 284S / 284NS / 225 / 125DB / 125SS / 125WP
- * CIS151 / Cis152
- * The Cisco classes, excel

Computer Information Systems: Question 2

Are there any new tools, applications or standards the program should address?

- * During my time at MHCC I noticed that the CIS department often updated applications, standards, etc. it seems to be doing fine in that area.
- * I don't think so
- * Some experience in Mac.
- * N/A
- * I have not used any new tools yet but I'm excited to find out what is out there
- * More php course and different levels of scripting
- * None that I'm aware of at this time.
- * Well, I feel I should have done more web development courses and not database. The freelance work is in building site, SEO, Wordpress work.
- * UML, C#, C++, .NET. Even though Database development focus on database but I believe that if student know about coding will benefit them more. The tools are the most important. Student must know all the tools that use in this major.
- * None that I can think of
- * Maybe integrate some of the GUI's that are available for networking and have the command line as a good bases.
- * Corporate tech roles
- * It would be helpful if more Windows 8/10 info was available. I understand technology advances much faster than curriculum can
- * It is difficult to cover everything within that short period of time; but I think the courses provided are well balanced to cover all the basics needed to be successful in the field.
- * No
- * N/A
- * Additional wireless technology. / A+ certificate courses for IT and NOS majors.
