Business Administration & Management: Question 1

Was there a specific course (or courses) you considered more valuable than others?

- * Leadership, and classes that involved group/team work
- * Business Communication and Accounting.
- * I think the Human Resources and leadership we're the most valuable courses for me.
- * Intro to business computing - Learning excel and word has been extremely helpful for tasks I routinely use Technical report writing - not a business class, but the way the class was set up with learning about resumes and cover letters has been helpful. Th
- * BA 131 which teaches how to use word, excel, access, and powerpoint
- * Intro to business computing Intro to business Accounting (all 3)
- * Accounting was very valueable
- * Account 1,2,& 3 taught by professor DeWolf, was by far the best moments in my program. His teaching style, his encouragement, and his whit made it easier to understand things.
- * Public communication was a very informational class.
- * Quickbooks and Microsoft office were great.
- * The Accounting courses and Microsoft courses were the most helpful for me.
- * Accounting.
- * i really loved introduction to business taught by andy wong, he really made it a great learning environment and i loved the way he went over the material and gave us projects to interact with our team members and understand how to apply the material bette
- * The Accounting and Business Classes were more applicable and valuable towards my career & education advancements compared to unrelated classes (biology, algebra) that dropped my GPA.
- * I found that BA 211 and 212 were two courses that were particularly helpful for me. As an Accounting major, these two classes laid the foundation for my current education at Portland State. Shelby Benson was my professor in both of these classes, and I wo
- * The 200 level accounting courses were very helpful.
- * I think to me they were all of equal value
- * All of the courses are useful in different perspectives and I couldn't say one course is valuable than others.
- * BA131
- * BA101 with Andy Wong. He was an amazing professor that not only cared about what he taught but the future of his students. A very inspiring man with plenty of stories And experiences related to the topic he was teaching.
- * 1. BA1312. BT1213. BT210ZEB
- * I think the Quickbooks and Payroll courses were more valuable to learn because I want to own a business, if I had more time in those courses I think I would have better understanding of them.
- * All of the classes that I took with Harry Dewolf or Andy Wong.
- * Any course that was taught by Andy Wong was exceptional. He is a great instructor and asset to MHCC. He teaches more than the class content, and he simplifies things that I have been able to refer back to while I have been in my career up to thi point.
- * Career management was the most useful and most applied to life now for career opportunities and finding the right career for you.
- * Yes, I considered valuable a lot the personal finance class.
- * BA211 was huge for me.
- * BA 211-213 were very valuable, i'm still using the skills I learned in those classes in my current classes at Portland State. Mr. DeWolfe is still one of my favorite instructors I have ever had. The geology courses I also took are valuable to me. I had so
- * Business Project management class and small business management helped me a lot .
- * The accounting courses were taught well.
- * Business law, intro to business, and public speaking we're all extremely helpful.

Business Administration & Management: Question 2

Are there any new tools, applications or standards the program should address?

- * For Business Major students should be allowed to take more business related classes versus science classes. There should also be more available evening classes for Transfer classes for ASOT are limited.
- * N/a
- * Quickbooks
- * Not any that I could think of at the moment
- * Not that I know of.
- * Not that i am currently aware of.
- * I am not aware of all the applications used at MHCC, but I would suggest incorporating Quickbooks into course material. I understand that is something that is used in higher level Accounting courses, but it may be nice to take a class period or two to int
- * No
- * N/A
- * The QuickBooks courses that you offer, the only one available is for the online version.. which most businesses do not use. Offering more options in QuickBooks would be very helpful for accountants.
- * It seems material is just skimmed so we can go on to the next thing. Never really getting a strong foundation of what you are learning.
- * No
- * Team work and being able to work with different people regarding where you stand
- * Internship
- * None
- * I can't think of anything that wasn't covered by the program. I guess all I can say is the 200 level accounting classes could be better structured when I transferred to a university they expected me to know a lot more than I did.
- * No
- * Not that I know of.
- * QUICKBOOKS!!!
- * I really wish marketing was a required class. I didn't get to take it because my electives were all used up from taking dual credit high school classes, so I would've had to pay more out of pocket to take business electives. I feel like I learned more sci
- * n/a, i feel all the programs taught were good
- * More focus on excel, access and SQL.
- * No
- * I wish there would be a second year of furthering the classes. Like phase 2.
- * None come to mind.
